Proposal for a  
COUNCIL REGULATION (EEC)

amending Regulation (EEC) No. 2742/75 on production refunds in  
the cereals and rice sectors

---

(submitted to the Council by the Commission)

COM(77) 461 final.

## EXPLANATORY MEMORANDUM

The purpose of this draft Regulation is to further increase the rates of production refund payable on wheat and broken rice.

Council Regulation (EEC) No. 1665/77 increased the production refunds on maize, wheat and broken rice by 3 Ua/t. It now appears that it was the Councils intention to increase the refund on maize by 3 ua/t and the refunds on wheat and broken rice not by the same amount but by the same percentage. That is to say, in the case of wheat by 4,29 ua/t and in the case of broken rice by 3,69 ua/t. The draft would correct the earlier misinterpretation.

It is proposed that the measure should be made retroactive; from 1 August 1977 for wheat and from 1 September 1977 for broken rice.

COUNCIL REGULATION (EEC)

amending Regulation (EEC) No. 2742/75 on production refunds in  
the cereals and rice sectors

---

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No. 2727/75 of 29 October 1975 on the common organization of the market in cereals<sup>(1)</sup>, as last amended by Regulation (EEC) No 1386/77<sup>(2)</sup>, and in particular Article 11 (3) thereof,

Having regard to Council Regulation (EEC) No 1418/76 of 21 June 1976 on the common organization of the market in rice<sup>(3)</sup>, as last amended by Regulation (EEC) No 1158/77<sup>(4)</sup>, and in particular Article 9 (2) thereof,

Having regard to the proposal from the Commission,

Whereas Council Regulation (EEC) No 2742/75 of 29 October 1975 on production refunds in the cereals and rice sectors<sup>(5)</sup>, as last amended by Regulation (EEC) No. 1665/77<sup>(6)</sup>, fixes the production refunds applicable for the 1977/78 marketing year.

Whereas a linear increase was made in the production refunds on the basic products involved; whereas, however, it now appears that

the Council intended that the production refund on maize for the manufacture of starch should be increased by 3 units of account per tonne and that the percentage increase should be applied to the other production refunds;

whereas, therefore, it is necessary to alter the rates of production refund on wheat and broken rice with effect from the beginning of the present marketing year,

HAS ADOPTED THIS REGULATION:
